Fatima Shrine

INTERIOR OF THE BASILICA

Since 1954, Our Lady of Fatima Shrine has become a place of natural beauty, art, communal prayer, and renewal to thousands who visit the unique buildings and grounds each year.

The magnificence and natural beauty of the Shrine is highlighted by an awe-inspiring Dome Basilica covered with two layers of glass and Plexiglas, with a contour of the Northern Hemisphere of the globe.

The impressive approach to the Basilica is down the Avenue of the Saints (over 130 life-size marble and bronze statues represent Saints from every race and walk of life) and around the serenity of the Rosary Pool.

Two flights of stairs, with 63 steps, lead to the top of the Dome, where, in graceful majesty, stands a huge statue of Our Lady of Fatima. The statue, carved from Vermont granite, is 13 feet high and weighs ten tons. From the top of the Dome, visitors can view the entire Shrine grounds and surrounding countryside.

For Pilgrimage Organization and more information, please contact : Office at Our Lady of Fatima Shrine (see cover for address and phone number).
